

It's A Wrap  
Video Productions

**San Diego Soccer Club is Pleased to Announce our new partnership for...**

## **College Recruiting Videos**

**with It's A Wrap Video Productions**

*It's not always the best players that receive offers for the limited college roster spots. It's important to make the job of a coach evaluating your player as easy as possible and give him/her all the information they need in one place, in a professional manner. While talent is still essential to make it on to a college roster, a high quality recruiting video often will be what sets you apart from other athletes with similar skills & talent. This can make a difference in getting an offer or not getting an offer.....and how much of a scholarship offer you receive as well.*

### **Why Video?**

*If you want to play in college, coaches now expect you to have a highlight film. Good highlight video can be the "Extra Edge" you need to separate your player from other athletes vying for the same, limited roster spots.*

### **Why it's A Wrap Video?**

*It's A Wrap Video is known around the San Diego market for producing the highest quality, most effective soccer recruiting videos and we have worked with them to create a plan that we feel will work for everybody.*

### **How Will this Work?**

*Each team will determine how many games they would like filmed and It's A Wrap will post each game to the internet for SDSC families & players to view. Each family can then download the video to edit their own video OR pay a fee to It's A Wrap to do the editing.*

### **How Much Will This Cost?**

*The teams will pay for the games to be filmed. If a family wants to have their highlights edited by It's A Wrap, they will pay It's A Wrap \$250 or \$300 depending on which format they want to purchase. (Samples of each format will be forthcoming).*

### **How Do I share my video with College Coaches?**

*Your video will be posted to Youtube with its unique link and you can share this link via email or post to social networks or recruiting sites.*

*We will share more information with your team managers and coaches in the near future!*
